HAVE YOU COMPLETED THE FOLLOWING PREREQUISITES?

- Multicultural Issues – If yes, course and date: \_\_\_\_\_
- Professional Ethics – If yes, course and date: \_\_\_\_\_

FIELDWORK SURVEY

We anticipate several options for program fieldwork experience requirements. Please select the option(s) you are most interested in so we can plan for the coming year. Students are responsible for the cost of fieldwork, in addition to tuition. Fieldwork requires enrollment in PSY6442, program approval, a written report of activities, and a class presentation for credit.

- Ayahuasca Experience at Local Santo Daime Church (3 ceremonies)
- Psilocybin Group Retreat in Jamaica (includes 2 ceremonies)
- Individual Ketamine-Assisted Psychotherapy experience (1 medication session)
- Plant Medicine Retreat in South America (includes 3 ceremonies)
- Holotropic Breathwork group experience (no psychedelic substances)

Most experiences also include preparation and integration (follow-up) meetings. More information about potential fieldwork sites can be found at

<http://www.psychedelicstudies.ca/fieldwork.php>.

COMMENTS:

*Thank you for your interest! You will be notified as soon as the MA program is open for enrollment. Check our website for ongoing updates. Return this survey to John Timinski <jtimi016@uottawa.ca>.*
